My husband says people are nothing more than shit throwing monkeys.
 You've seen them in the zoo, sitting in the cage annoyed that people are watching them. Their hand sneaks to their butt and they crap in their hand and fling it at the spectators. Shit throwing monkeys. . . who don't care that they've had to dirty their own hands in order to fling their nasty crap at the spectators.

Kay asked some questions and gave her responses - I've added the shit throwing monkey responses. . .

> Why won't people answer questions? You'll certainly never hear....
 >
 > Did you take money from client X family? Oh, well, uh, gee, yea, I
 > sure did! I did because I'm a selfish asshole and wanted to buy myself >a new video game.

Shit throwing monkey response - "It's none of you f***ing business. I don't have to answer you."

> What are your qualifications? Umm, well, I read the book "The Little
 > Engine That Could" in three days, so I think I can.

Shit throwing monkey response - I and about 10 others stole Suzanne's proprietary seminar information and read it. I don't get it all, but I'll fake it when I try to teach others using it. After all. . .why does she have a right to make a living on her 15 years of research and writing on this subject? Can't she make a living off of her other writings? Oh. . .she doesn't do any other writings - she's devoted all her skills to this subject? Gee, that's too bad. . .no I won't ask permission to use her intellectual property or trade secrets and I won't pay her royalties. . . she should be giving away 15 years of hard work for free because we deserve it.

> Why did you target client family Y who had nothing to do with you?
>Oh, well, because Advocate A pissed me off, so I figured I would "get" Advocate A back.

Shit throwing monkey response - I wanted to hurt Suzanne and I don't care who else gets hurt in the process or if it destroys the movement.

> Why would you make false claims about another advocate in the movement? Umm, same reason.

Shit throwing monkey response - because I can't compete in the area of knowledge, skill, experience or ethics so I have to make her look bad in order to make myself look better.

> Why can't you work well with others? Oh, well, that's easy. I'm not teachable; I don't work well with others because I have no reading comprehension skills. If I work with others, they'll find out, so I'm just a butt head to them.

Shit throwing monkey response - Because I want to be the leader of this movement and Suzanne is an impediment to that goal. I want to control all who participate and the only way I can be the leader is to bully others and divide the forces. If I can't be the leader, then I'll destroy the movement so NOBODY else can be the leader. What? Suzanne doesn't lead a group? She doesn't advocate? She doesn't interfere with other groups? Well, she caught me [fill in the blank: lying, cheating, stealing, conning, defaming, self-aggrandizing, etc. . .) and published that fact which pissed me off because I am

not responsible for what I do and it's unfair that she says I am responsible for what I do.

> How about your education? HA! What education? I can't read or comprehend! I dropped out in ninth grade because I just couldn't hack it. The schedule was killing me...getting up in the morning to make the bus, then the other kids calling me "Four Eyes", I struggled keeping up. I was far too lazy to work harder and way too proud to identify my problem areas and ask for help with them.

Shit throwing monkey response - I had my own case and never got my kids back. . .so I know everything about how this system works.

> Why are you so angry about people asking you questions? Oh, you know, >I'm not really angry. I don't have an anger problem, I've got a responsibility problem that manifests itself in an anger problem. I'd rather spread lies about others than take responsibility for myself.

Shit throwing monkey response - She's not asking questions, she's attacking me. Poor wittle me. . .she's so mean. boo hoo. . .has this drama and attack helped you all to forget about the question she asked? Because I really don't want to answer it. . .it would not make me look good.
